

FlexCore Post 6

A bollard that provides unprecedented strength with it's impact-absorbing hidden core.

FlexCore Post steel Bollards are ideal for a simple, clean steel bollard look without sacrificing strength. This Bollard is packed with impact-absorbing flex technology that takes big hits from equipment and still stands up straight. Use in place of plate mounted bollards for improved performance and aesthetics.

Impact-Absorbing hidden core provides unprecedented strength

Easy Installation Mounted with two high-strength concrete anchors

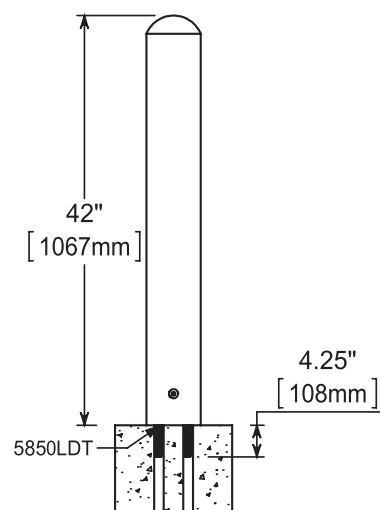

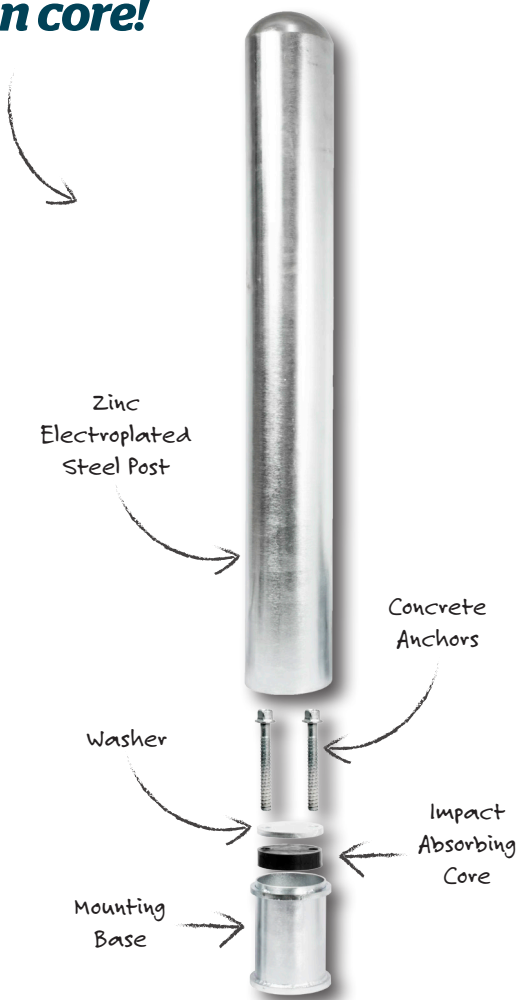

Built To Last Zinc-plated steel finish is corrosion resistant

FlexCore Post 6

**Our FlexCore Post's
strength comes from its
*hidden core!***
